This is optional of course, but it's the only true way for you to see and feel the paper stocks and quality of printing before you order. I have several different paper choices, all with different pricing, from budget-friendly basic to luxurious museum board. I do not offer refunds, so ordering samples guarantees you know what you are ultimately getting.

TURNAROUND TIME

Proofs: proofs are emailed within 48 hours

Printing and trimming: 3-5 weeks printing time

Mail: + 2-4 business days mail

Printing and production start from when you approve your designs and purchase your remaining balance.

WHEN TO ORDER

Your guests should have your invitations in hand two months prior to your wedding. Waiting until the last minute to place your order creates so much stress on yourself, your designer, the printers and the entire process. You should leave enough time for proofing, gathering your addresses, reprinting if something is not perfect etc. **If you place an order within FOUR MONTHS of your wedding, I may not be able to accommodate you.**

FREQUENT QUESTIONS

ORDERING

What is your turnaround time?

Printing from when you approve your invitations and purchase your remaining balance takes **3-5 weeks** + 2-4 business days for shipping. No rush service available.

When should I order my invitations?

Wedding invitations should be received by your guests at least two months prior to the wedding date, earlier for destination weddings. **If you place an order within four months of your wedding, I may not be able to accommodate you.**

Do you offer samples?

Yes-- you are welcome to purchase a sample packet from my shop. I always send your favorite two designs and all of my paper options. Samples are pre-printed from previous weddings. Please let me know if you are looking for specific colors so that I can include them.

Can I order more invitations later?

Yes-- but please know there are set-up charges involved and it will be much more expensive than ordering extras upfront. Please take into account for last-minute guests, incorrect addresses, keepsakes for families, and a sample set for your photographer to shoot on your wedding day.

Can I order more than one version of an item?

Yes-- if you need multiple versions of invitations (day vs night) or reply cards (A list vs B list), just let me know. The second version is always discounted.

PRINTING

Can you print gold, rose gold or silver foil?

Yes for sure! Pricing is posted.

What type of printing do you do?

Invitations print on an off-set Heidelberg printing press. Our printing presses use vegetable oil-based inks and recycled papers from certified sustainable production systems so you can feel better about reducing your carbon footprint. Envelopes, table cards and escort cards are digitally printed as each piece requires individual data.

Help, I found an error on my printed invitations.

Your invitations will print exactly shown as you have approved on your proofs. If you find an error, or something has changed on your day, then we can definitely reprint at a reduced fee.

SHIPPING & DELIVERY

Will my invitations come assembled?

All invitations and envelopes are packed and shipped flat. They will be wrapped in plastic and bubble wrap to avoid moisture. The fun part for you is assembling them!

PERSONALIZATION & DESIGN

What can I customize with each design?

-- wording
-- colors
-- paper choice

Can you match my wedding colors?

Submitting a digital swatch or mood board with your order helps me greatly. Make sure you know your colors and wording ahead of time-- your purchase comes with one set of proofs in your color palette with three rounds of revisions. Extensive color revisions will incur an additional design fee of \$25 per each color proof.

How does proofing work?

Once you pay your \$100 deposit and submit wording, you will receive your pdf proofs via email within 24 hours. Three rounds of revisions are included in the price. After that, each round of revisions will be billed at \$20 each. If you decide to cancel your order or change your suite design after I have designed proofs, a fee will be occur ranging from \$25 - \$150.

Can you print information on the back of invitations?

It is not customary for any information to be printed on the back, ever. While I am one of the only stationers to utilize the backside for color and design, I do not print any pertinent information on the back. Your guests will not turn over your invitation to see RSVP or website details. QR codes are insanely hideous.

Do you sell digital versions of your designs?

I only offer printed stationery.

Can I change fonts?

If there is something you do not like about a font, please let me know. Because my designs are aesthetically attached to certain time periods, I spend hours researching appropriate fonts and fitting type to each design. Changing fonts is not always recommended and may incur a design fee. I do not download free fonts from the internet. Many of those fonts are only suitable for online use and were not developed to print properly.

RETURN POLICY

Do you accept returns?

Due to the custom nature of designing and printing invitations, I do not accept returns. I will happily reprint at a discounted rate if you discover grammatical errors or detail changes etc. You should order samples to be sure.

Can I cancel or change my proofs after I approved them?

Once you have officially approved your order, it goes into production. Depending on the stage it is in, it may or may not be amended or canceled.
